Chapter 1

Introduction

Hello, and welcome to Adventure Club. We are excited you are making the choice to join us.

This book will serve as a starting point for picking worthwhile adventures to take, and as a guide for getting the most out of your adventuring.

But first, some information about what Adventure Club is, and how it is organized.

1 Adventures

As you might have guessed, Adventure Club's main focus is on taking adventures.

In the club, an adventure is a specific task that you complete by performing the required steps of the task.

This book provides you the reader the possible adventures of the Adventure Club.

Adventures should be worthwhile, interesting, and fun.

2 The Four Paths

Adventuring can take many forms. While the focus of Adventure Club is on exploring and engaging with nature, we understand that our adventures can also take place in our homes, communities, and even in ourselves.

For this reason, Adventure Club promotes adventures along four main paths:

- Nature
- Self
- Family
- Community

These paths serve to group and organize adventures, with the understanding that adventures in reality often cross multiple paths.

These paths focus on different types of adventures. No one path is better or worse than the others, but they allow different people to adventure in ways that most interest them.

3 Adventure Badges

Completing the right combinations of adventures will earn you adventure badges.
